CONSOLIDATED FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REVIEW REPORT
MARCH 31, 2024 AND 2023**

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT

To the Board of Directors and Shareholders of JOCHU TECHNOLOGY CO., LTD.

Introduction

We have reviewed the accompanying consolidated balance sheet of JOCHU TECHNOLOGY CO., LTD. and subsidiaries (the “Group”) as at March 31, 2024 and 2023, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the three months then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” that came into effect as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of Review

We conducted our reviews in accordance with the Standard on Review Engagements 2410, “Review of Financial Information Performed by the Independent Auditor of the Entity” of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at March 31, 2024 and 2023, and of its consolidated financial performance and its consolidated cash flows for the three months then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” that came into effect as endorsed by the Financial Supervisory Commission.

Amendments to IAS 1, ‘Non-current liabilities with covenants’	January 1, 2024
Amendments to IAS 7 and IFRS 7, ‘Supplier finance arrangements’	January 1, 2024

The above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment.

(2) Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group

None.

(3) IFRSs issued by International Accounting Standards Board (“IASB”) but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as

endorsed by the FSC are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by IASB</u>
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by IASB
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information'	January 1, 2023
IFRS 18, 'Presentation and disclosure in financial statements'	January 1, 2027
Amendments to IAS 21, 'Lack of exchangeability'	January 1, 2025

Except for the following, the above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

IFRS 18, 'Presentation and disclosure in financial statements'

IFRS 18, 'Presentation and disclosure in financial statements' replaces IAS 1. The standard introduces a defined structure of the statement of profit or loss, disclosure requirements related to management-defined performance measures, and enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes.

4. Summary of Significant Accounting Policies

Except for the compliance statement, basis of preparation and basis of consolidation set out below, the rest of the significant accounting policies applied in the preparation of these consolidated financial statements are the same as those disclosed in Note 4 to the consolidated financial statements as of and for the year ended December 31, 2023. The policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

- A. These consolidated financial statements of the Group have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the FSC.
- B. These consolidated financial statements are to be read in conjunction together with the consolidated financial statements for the year ended December 31, 2023.

(2) Basis of preparation

- A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:
 - (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
 - (b) Financial assets at fair value through other comprehensive income.
 - (c) Defined benefit assets recognized based on the net amount of pension fund assets less present value of defined benefit obligation.

B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the “IFRSs”) requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

A. Basis for preparation of consolidated financial statements:

The basis for preparation of these consolidated financial statements is the same as that for the preparation of the consolidated financial statements for the year ended December 31, 2023.

B. Subsidiaries included in the consolidated financial statements:

Note 1: On February 17, 2023, the Company's Board of Directors resolved to increase investment in eBio International. During the period from February to March of the fiscal year 2023, the Company purchased a portion of shares in eBio International Co., Ltd. for a cash amount of \$59,414, thereby participating in its cash increase plan. As a result, the Company's ownership stake in eBio International Co., Ltd. increased from 9.81% to 52.02%, granting control over the company.

Note 2: In October 2023, the Company resolved the capital injection in PIH amounting to US\$10,000 thousand, and the Company injected US\$6,500 thousand through JOCHU BVI. As a result, the Company's shareholding in PIH increased to 65%.

Note 3: In October 2023, the Company resolved the capital injection in JOCHU VIETNAM through JOCHU BVI and PIH amounting to US\$6,500 thousand. As a result, the Company's shareholding in JOCHU VIETNAM increased to 65%.

C. Subsidiaries not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to the Group: None.

(4) Treasury shares

Where the Company repurchases the Company's equity share capital that has been issued, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders. Where such shares are subsequently reissued, the difference between their book value and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

(5) Employee benefits

Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. Also, the related information is disclosed accordingly.

(6) Income tax

A. The interim period income tax expense is recognized based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

B. If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognises the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognised outside profit or loss is recognised in other comprehensive income or equity while the effect of the change on items recognised in profit or loss is recognised in profit or loss.

5. Critical Accounting Judgments, Estimates and Key Sources of Assumption Uncertainty

The additional disclosures are set out below. For the rest of the information, please refer to Note 5 in the consolidated financial statements for the year ended December 31, 2023.

(10) Leasing arrangements — lessee

- A. The Group leases various assets including land, buildings, business vehicles, and multifunction printers. Rental contracts for land are typically made for periods of 46 to 50 years, while the others are made for periods of 1 to 5 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. Short-term leases with a lease term of 12 months or less comprise leasing of warehouse, office, and business vehicles. Low-value assets comprise leasing of multifunction printers. The abovementioned leases were excluded from right-of-use assets.
- C. The carrying amount of right-of-use assets and the depreciation charge are as follows:

(16) Pensions

A. Defined benefit pension plan

- (a) The Company has a defined benefit pension plan in accordance with the Labor Standards Law, covering all regular employees' service years prior to the enforcement of the Labor

Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by the end of December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by next March.

- (b) For the aforementioned pension plan, the Group recognised pension costs of (\$29) and (\$35) for the three months ended March 31, 2024 and 2023, respectively.
- (c) The Company has acquired the approval from the Hsinchu County Government to suspend continuous contribution to the defined benefit pension plan for 2024 and 2023.
- (d) The company has a long-term employee benefits plan, under which employees are rewarded with a bonus, a certificate of appreciation, or a trophy upon completing every five years of service. For the employee benefits plan, the Company recognized pension costs of \$212 and \$214 for the three months ended March 31, 2024 and 2023, respectively.

B. Defined contribution pension plan

- (a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.
- (b) The Company's mainland China subsidiaries have a defined contribution plan. Monthly contributions to an independent fund administered by the government in accordance with the pension regulations in the People's Republic of China (PRC) are based on certain percentage of employees' monthly salaries and wages. The contribution for each employee was planned by PRC government. Other than the monthly contributions, the Group has no further obligations.
- (c) The pension costs under the defined contribution pension plans of the Group were \$8,184 and \$7,221 for the three months ended March 31, 2024 and 2023, respectively.

- C. On April 9, 2024, the company's board of directors resolved a cash distribution of \$44,132 from the capital surplus (\$0.5 per share).

(19) Retained earnings

- A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses, set aside 10% of the remaining amount as legal reserve, then set aside or reverse a special reserve according to relevant regulations when necessary. The remainder, if any, to be retained or to be appropriated shall be proposed by the Board of Directors and resolved by the shareholders at the shareholders' meeting. The Board of Directors is authorized to distribute all or part of the dividends and bonuses, capital surplus or legal reserve that should be distributed in cash by a resolution approved by more than half of the directors present at a meeting with the presence of more than two-thirds of the directors. Such provisions does not require approval by the shareholders.
- B. The Company's dividend policy is summarized below: as the Company is in the stable growth stage, the residual dividend policy is adopted taking into consideration the Company's future capital expenditure plans and the financial structure. According to the dividend policy adopted by the Board of Directors, at least 1% of the Company's distributable earnings as of the end of the period shall be appropriated as cash or stock dividends, of which not more than 60% shall be paid in stock.
- C. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose.

The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

D. Special reserve

- (a) In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
- (b) The amounts previously set aside by the Company as special reserve on initial application of IFRSs in accordance with Order No. Financial-Supervisory-Securities-Corporate-1010012865, dated April 6, 2012, shall be reversed proportionately when the relevant assets are used, disposed of or reclassified subsequently.

(30) Business Combination

- A. During the period from February to March of the fiscal year 2023, the company purchased a portion of shares in eBio International Co., Ltd. for a cash amount of \$59,414, thereby participating in its cash increase plan. As a result, the company's ownership stake in eBio International Co., Ltd. increased from 9.81% to 52.02%, granting control over the company. The eBio International Group operates medical businesses in Taiwan, including a pressure ulcer prevention system. The company expects that this acquisition will enhance its position in these markets and lead to cost reduction through economies of scale.

- B. The information regarding the consideration paid for the acquisition of eBio International Group, the assets acquired, and the liabilities assumed at the fair value as of the acquisition date, as well as the information on non-controlling interests' share in the identifiable net assets as of the acquisition date, is as follows:

	<u>March 20, 2023</u>

- C. On August 4, 2023, the Company obtained a valuation report and retrospectively adjusted the fair values of identifiable assets and liabilities acquired on the acquisition date. According to the valuation report, adjustments were made to the fair values as follows: the fair value of inventories was adjusted from \$3,023 to \$2,669, the fair value of property, plant, and equipment

was adjusted from \$5,260 to \$5,273, the fair value of intangible assets was adjusted from \$105 to \$24,000, the fair value of deferred tax assets was adjusted from \$0 to \$86, and the fair value of deferred tax liabilities was adjusted from \$0 to (\$4,797). Other than these adjustments, there were no differences. Goodwill was adjusted from \$55,049 to \$45,247.

- D. The Company held a 9.81% equity interest in eBio International Co., Ltd. prior to the business combination, which was remeasured at fair value resulting in a realized gain of \$3,542, please refer to note 6(8) for details.
- E. Since the merger with eBio International Co., Ltd. on March 20, 2023, and eBio International Co., Ltd. contributed operating revenue of \$2,360 and a pre-tax net loss of (\$22,185). However, if we assume that eBio International had been included in the consolidation since January 1, 2023, the Group's operating revenue and pre-tax net income would have amounted to \$3,252,406 and \$94,721, respectively.

B. Financial risk management policies

There was no significant transaction and change in the reporting period. Please refer to Note 12 in the consolidated financial statements for the year ended December 31, 2023.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. The Group engages in sales and purchases denominated in foreign currencies and are exposed to exchange rate fluctuations. The Group manages exchange rate risks within the scope permitted by the policy, using forward foreign exchange contracts to manage risks.
- ii. The Group's businesses involve some non-functional currency operations (the Company's and domestic subsidiaries' functional currency: NTD; other certain subsidiaries' functional currency: RMB, USD, and VND). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

Cash flow and fair value interest rate risk

- i. The Group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. For the three months ended March

31, 2024 and 2023, the Group's borrowings at variable rate were mainly denominated in New Taiwan dollars.

- ii. If the borrowing interest rate of New Taiwan dollars had increased/decreased by 4 basis points with all other variables held constant, profit, net of tax for the three months ended March 31, 2024 and 2023 would have increased/decreased by \$1,900 and \$3,752, respectively. The main factor is that changes in interest expense result from floating rate borrowings.

(b) Credit risk

- i. Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. As at the end of the reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to default by the counterparties and financial guarantees provided by the Group arises from:
 - (i) The carrying amount of the respective recognized financial assets as stated in the balance sheets;
 - (ii) The amount of contingent liabilities in relation to financial guarantee issued by the Group.
- ii. In order to mitigate the credit risk, the Group will conduct credit rating for the transaction object and obtain sufficient security if necessary to mitigate the risk of financial loss due to default. If such information is not available, the Group will use other publicly available financial information and mutual transaction records to rate key customers. The Group will continue to monitor the credit risk and the credit rating of the counterparty through the determination of the credit line and the approval of the credit line. In addition, the Group reviews the recoverable amounts of receivables individually at the balance sheet date to ensure that appropriate impairment losses have been provided for unrecoverable receivables. Accordingly, the Group's management believes that the Group's credit risk has been significantly reduced.
- iii. The Group adopts the following assumption under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition: If the contract payments were past due over 90 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.
- iv. In line with credit risk management procedure, when there is evidence that the counterparty faces serious financial difficulties and the Group cannot reasonably expect to recover the amount, for example, the counterparty is in liquidation, the Group considers that the counterparty has signs of default.
- v. The Group wrote-off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Group will continue executing the recourse procedures to secure their rights.
- vi. The Group applies the modified approach using a provision matrix to estimate expected

credit loss under the provision matrix basis. Based on the Group's historical experience, there is no significant difference in the loss patterns among different customer groups. The provision matrix does not further differentiate customer groups, and only sets the expected credit loss rate based on the number of days overdue for receivable, except for individual cases that need to be evaluated separately.

- vii. The Group used the forecastability to adjust historical and timely information to assess the default possibility of accounts receivable. On March 31, 2024, December 31, 2023 and March 31, 2023, the provision matrix is as follows:

<u>March 31, 2024</u>	<u>Expected loss rate</u>	<u>Total book value</u>	<u>Loss allowance</u>
Not past due	0%	\$ 1,085,488	\$ -
Up to 90 days	0%	29,704	-

		<u>\$ 1,132,344</u>	<u>\$ 578</u>

<u>March 31, 2023</u>	<u>Expected loss rate</u>	<u>Total book value</u>	<u>Loss allowance</u>

Over 91 days	100%	<u>1,985</u>	<u>1,985</u>
		<u>\$ 968,693</u>	<u>\$ 2,013</u>

- viii. Movements in relation to the Group applying the modified approach to provide loss allowance for accounts receivable are as follows:

	<u>2024</u>		
	<u>Accounts receivable</u>	<u>Molds receivable</u>	<u>Total</u>
At January 1	\$ 587	\$ 6,007	\$ 6,585

(c) Liquidity risk

- i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by the Group's Corporate Treasury function. The Group's Corporate Treasury function monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and external regulatory or legal requirements.
- ii. The Group has the following undrawn borrowing facilities:

	<u>March 31, 2024</u>	<u>December 31, 2023</u>	<u>March 31, 2023</u>
Floating rate:			
Expiring within one year	\$ 2,261,142	\$ 2,196,819	\$ 2,225,565

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The Group has no related investment.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. The fair value of the Group's investment in derivative instruments is included in Level 2.

Level 3: Unobservable inputs for the asset or liability. The fair value of the Group's investment in equity investment without active market is included in Level 3.

B. Except for those listed in the table below, the carrying amounts of cash and cash equivalents, notes receivable, accounts receivable, accounts receivable-related parties, finance lease receivable, other receivables, guarantee deposits paid, short-term borrowings, accounts payable (including related parties), other payables (including related parties), lease liabilities, long-term borrowings (including current portion), and guarantee deposits received are approximate to their fair values.

C. The related information on financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:

(a) The related information on the nature of the assets and liabilities is as follows:

(b) The methods and assumptions the Group used to measure fair value are as follows:

- i. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date.
- ii. When assessing non-standard and low-complexity financial instruments, for example, interest rate swap contracts and foreign exchange swap contracts, the Group adopts valuation technique that is widely used by market participants. The inputs used in the valuation method to measure these financial instruments are normally observable in the market.
- iii. The valuation of derivative financial instruments is based on valuation model widely accepted by market participants, such as present value techniques and option pricing models. Forward exchange contracts are usually valued based on the current forward exchange rate.
- iv. The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Group's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs, for example, model risk or liquidity risk and etc. In accordance with the Group's management policies and relevant control procedures

relating to the valuation models used for fair value measurement, management believes adjustment to valuation is necessary in order to reasonably represent the fair value of financial and non-financial instruments at the consolidated balance sheet. The inputs and pricing information used during valuation are carefully assessed and adjusted based on current market conditions.

D. For the three months ended March 31, 2024 and 2023, there was no transfer between Level 1 and Level 2.

E. The following chart is the movement of Level 3 for the three months ended March 31, 2024 and 2023:

F. Information relating to transfer out amounting to \$0 from Level 3 for the three months ended March 31, 2024 and 2023 is provided.

G. Investing segment is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value. Investment segment set up valuation policies, valuation processes and rules for measuring fair value of financial instruments and ensure compliance with the related requirements in IFRS.

H. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	<u>March 31, 2024</u>	<u>Valuation technique</u>	<u>Significant unobservable input</u>	<u>Range (weighted average)</u>	<u>Relationship of inputs to fair value</u>

Table 5

Name of major shareholders	Shares		Ownership (%)
	Number of shares held (Ordinary share)	Number of shares held (preferred share)	
Heng Xing Investment Co., Ltd.	9,124,000	-	10.22%

Note 1: The information of major shareholders presented in this table is provided by the Taiwan Depository & Clearing Corporation based on the number of ordinary shares and preferred shares held by shareholders with ownership of 5% or greater, that have been issued without physical registration (included treasury shares) by the Group as of the last business day for the current quarter.

The share capital in the consolidated financial statements may differ from the actual number of shares that have been issued without physical registration because of different preparation basis.

Note 2: If a shareholder delivers their shareholdings to the trust, the above information will be disclosed by the individual trustee who opened the trust account. For shareholders who declare insider shareholdings with ownership greater than 10% in accordance with Securities and Exchange Act, the shareholdings include shares held by shareholders and those delivered to the trust over which shareholders have rights to determine the use of trust property. For information relating to insider shareholding declaration, refer to Market Observation Post System.

Note 3: The principle of preparation of this table is to calculate the distribution of the balance of each credit transaction with reference to the roster of securities owners whose transfer has been suspended by the shareholders' temporary meeting (the securities lending will not be replenished).

Note 4: Shareholding rate (%) = Number of shares held / Total number of shares that have been issued without physical registration.

Note 5: Total number of shares that have been issued without physical registration (including treasury shares) is 89,263,150 shares = 89,263,150 (Ordinary share)+ 0 (Preferred share).
